The premise of this workshop is to demonstrate and debate the existence of a genius within each of us. The workshop tutor strongly believes that each human being is born with the capacities and gifts of a genius – like Leonardo Da Vinci and others like Albert Einstein or William Shakespeare. A question you may enquire is: Does the workshop tutor really believe that we can all be geniuses like Da Vinci and others? Actually he doesn't! No one can be like Da Vinci or any other individuals we all consider geniuses – purely because we are all unique!

Some questions about the workshop:

- What have I been learning from the genius?
- What can I teach my students about the genius?
- What can I apply to my own life?

The working language of this workshop is English. This event is free of charge but pre-registration is required. If you are interested in participating, please contact Mrs Evi Naki at info@coming.gr
